

Product overview

Successor to the vastly popular Alti, the Plaza is a modern take on a Sensio classic, featuring sleek and modern geometry made from high quality stainless steel.

The light source features prismatic LED technology, which means that it contains an etched diffuser to provide a uniform spread of light across the lamp surface.

The colour temperature of the lamp has also been carefully selected to be 4000 kelvin, which emulates natural light condition, perfect for traditional or contemporary kitchen styles.

Mechanical Specification

Product	Dimension (mm) L x W x D	Weight (grams)	IP Rating
Plaza	100 X 100 X 6.5	85	20

Benefits

- Ideal for installation under cabinets, inside cabinets and under shelves
- LED Technology for long life
- Energy Saving (good Lumens per watt ratio)

Key Features

- Stylish, slimline design
- Removable magnetic stainless-steel bezel conceals fixings for a sleek finish
- Diffused light (no visible dots)
- Bright output
- Kit supplied with a pre-wired, 13A 3pin plug and driver

Technical Specification

Power	3.6 W
Voltage	24V
Light Output	319lm
Color Temperature	4000 K
Lumen per Watt	88.61lm/w
Operating Temperature	5°C to 45°C
Cable Length	1.5m
Bezel	Removable
