

Product overview

The Axis is a sleek and discreet 240V under cabinet light, which offers a superb light output.

The Axis is a perfect alternative to the T5 fluorescent lights.

It is diffused and has no visible LED points which provides a wide flood of light.

The fittings are individually switched, no need to be controlled from the wall mains switch which will cut down on extra wiring. It is fully linkable for ease of use, and can be butt jointed to make longer lengths if desired.

Two clips and screws are provided for ease of installation and as well as 1.5m mains cable
